

# MENACE OF DAMAS TREES

**RAK Properties** is launching a campaign to remove Damas Trees within the Common Area of villa communities' in Mina Al Arab starting from Tuesday, 20 February 2018.

The purpose of this campaign to draw your attention on the menace of 'Damas Trees, which will cause severe damage to the infrastructure, walls and underground pipes of the property and spike your utility bills.

**Residents are encouraged to become part of this campaign by taking following steps.**

## DO NOT PLANT DAMAS TREES

in the garden of your villa. This would enhance aesthetics of your property and avoid potential damages and associated repair cost.

If you already have a Damas Trees, please contact a professional landscape company and

**COMPLETELY UPROOT THE TREE BEFORE IT DAMAGES YOUR PROPERTY**

## DAMAS TREES CAN BE REPLACED WITH THREES

like the Geranium, Pink Trumpet Tree, Bottlebrush, and Neem.
