

HAVE A SAFE AND ENJOYABLE SUMMER

We encourage our residents to take a few simple steps before they travel or living in the community during the summer.

KNOW YOUR NEIGHBOURS: Get to know your neighbours and neighbourhood. By developing a healthy relationship with your neighbor provide the opportunity to help each other and the community.

LEAVE THE LIGHT ON: Not only does a front porch light signal that someone's home, it also makes it harder for intruders to hide among the shadows. If you see any street lights that are burnt out, let us know as soon as possible so it can replace them.

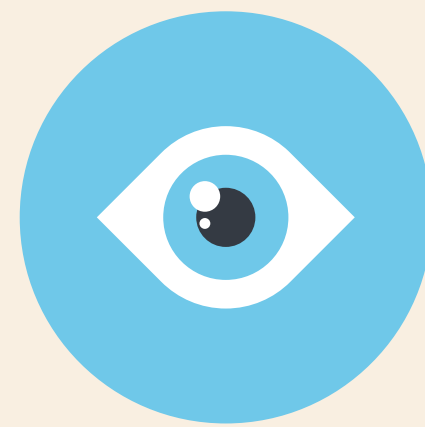

LOCK UP: Even when you're around, it's best to keep all gates, doors, windows, and garages closed and locked. Remove unsecured items from the balcony and backyard.

PUT ON YOUR WALKING ISSUES: The more familiar you are with your neighborhood, the quicker you can spot anything unusual. Also, when more residents regularly walk around the community, it can help scare off any potential criminals who are afraid of getting caught in the act.

CLEAN IT UP: Picking up litter and keeping greenery/ landscape trimmed not only makes the community look better, but it also sends the message that our residents are diligent about keeping the neighborhood a respectable and safe place to live.

SEE SOMETHING, SAY SOMETHING: If you notice a suspicious activity, regardless of how small the incident may seem, notify community security and the police immediately.
